The Mammoth Museum

celebrates well over a quarter century of dedication to the preservation of the history of our part of the Eastern Sierra. Museum members share our commitment to retelling the stories of our heritage and culture.

Since 1984, the Museum has collected and cared for thousands of photographs and artifacts that represent our area and beyond. By collecting and preserving these pieces of history, we honor the icons whose tenacity, perseverance, and skill make up more than 100 years of our areas growth and development.

As an independent, non-profit organization, the Museum counts on you. Your generous donations ensure our ability to serve local residents, welcome curious visitors, promote Mammoth's legacy, and explore innovative ways to share these traditions for generations to come.

DONATE TODAY Your contribution will ensure the success of our mission - the sharing of stories best told through exhibits and programs at The Mammoth Museum.
